LIBRARY SERVICES FOR FACULTY
... your partner in student success

We are much more than your typical library, offering a range of library liaison services that are user-centred and responsive to the needs of Mohawk College faculty and students. Our goal is to strengthen faculty partnerships with the library.

Top resources to support teaching, learning and student success:

- **Course Integrated Instruction**
  Book an active learning classroom session on developing a research strategy, citing with APA, avoiding plagiarism and much more.

- **Digital Learning Supports**
  Engage students in the learning process through technology, including facilitating digital presentations or digital skills training.

- **Research Assignment Design**
  Work with your Liaison Librarian to incorporate high-quality library resources and information literacy in course assignments.

- **Research Guides**
  View our 200+ research guides containing print, online, and Open Educational Resources, which are expertly curated to support programs of study, specific assignments and topics of interest.

- **Collections and Copyright**
  Explore our dynamic library collection, including journals and magazines, databases, books, videos, research guides, and Open Educational Resources, and obtain guidance and assistance with copyright.

- **Course Reserves & Suggest a Purchase**
  Place course-related items on “Library Reserve” for student access at any campus library or recommend an item to add to the collection.

- **Library Services for Faculty & Faculty Resource Guides**
  Learn even more about library supports for learning outcomes and program development with our Library Services for Faculty page and assorted Faculty Resource Guides.

- **Research Support**
  Request a literature search or help with research strategy, leveraging the resources in our library collection and acquiring additional items through interlibrary loan.
